As one of the largest producers of acrylic domes in Europe and the first true stockist, we have stock domes available to suit most applications. We hold Teedy™ range domes in clear acrylic in stock from 100mm to 1800mm diameter. Teedy™ domes are renowned for quality, clarity and accuracy. These are available in most instances for next day delivery. This is a unique service and one where we are proud to be able to supply some of the most challenging delivery requirements as we have huge stocks available, ready to pack and deliver.

We have a standard range of 27 sizes and have many other non-standard rings available if you are unable to utilise one the stock sizes. Our domes have been all over the world. Some of the latest pictures are shown above.

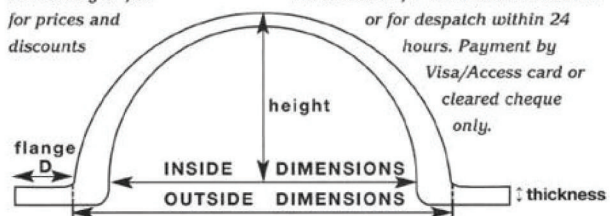

Our Teedy™ domes can be found in the Arctic Circle where due to their superior optical qualities, they are used to observe the stars. Teedy™ domes have been used on many stage, TV and film sets over the years. We have also supplied our Teedy™ domes to shop designers across the world where they adorn shop windows and atria.

We also stock polycarbonate domes
